**NOTICE OF LOCATION
AND DESIGN APPROVAL**

STP00-0218-01(001),
Chatham County

P. I. 502.728

Notice is hereby given in compliance with Georgia Code 22-2-109 and 32-3-5 that the Georgia Department of Transportation has approved the Location and Design of this project.

The date of location and design approval is: May 2, 2014.

The proposed project will widen and reconstruct Bloomingdale Road from I-16 to Pine Barren Road to a 4 lane divided highway with a 32-ft depressed median. The project will be constructed on a new location from Pine Barren Road to US 80/SR 26 in Bloomingdale, GA. The new location will be 4 lane divided with a 32-ft depressed median from Pine Barren Road to approximately 715-ft north of the proposed intersection with Main Street and a 24-ft raised median from approximately 715-ft north of Main Street to the project termini at the intersection of Jimmy DeLoach Parkway Phase I and US 80/SR 26. The total project length is 2.73 miles. The proposed improvement is located in Georgia Militia District 8 in the western portion of Chatham County, Georgia. The project is located 100% in Congressional District 1.

The project will include reconfiguration of the existing Bloomingdale Road/Pine Barren Road intersection to a T-Intersection approximately 860-ft south of the Hardin Canal. The existing intersection of Osteen Road and SR 26/US 80 will be removed and a cul-de-sac will be installed on Osteen Road on the west side of Jimmy DeLoach Parkway Extension approximately 650-ft south of SR 26/US 80. There are two bridges to be constructed with the project. The existing bridge over the Little Ogeechee River will be reconstructed and the proposed configuration will consist of two separate structures, one north bound and one south bound. A new bridge will be constructed over the Georgia Central Railroad line approximately 2,500-ft south of Main Street. The project will be equipped two 12' travel lanes and 6.5' bike-able shoulders in each direction throughout the entire corridor.

Drawings or maps or plats of the proposed project, as approved, are on file and are available for public inspection at the Georgia Department of Transportation:
